Kinesiology

Through muscle testing, *Touch for Health* Kinesiology balances the body's energy system to ensure the individual is balanced mentally, emotionally & Bio mechanically. Touch for Health encompasses balancing the acupuncture meridians of Traditional Chinese Medicine with simple hands on methods. **The In One** Kinesiology is great for emotional blockages & issues, including learning difficulties, dyslexia, behavioral problems & educational enhancement. Three in One has at its core: the concept of "One Brain" and utilizes many methods to help release emotional blocks to peak performance, assisting the individual to return to a position of choice in their life.
